Fee Schedule for Analytical Services Laboratory and Equipment Services Section, MTSD, MIOSHA, DLEG

February 2006

Analytical System	Compounds / Services	Air Samples	Material Samples
Gas Chromatography	Routine	\$35/first, \$20/additional	\$45/first, \$20/additional
	Non-Routine	\$50	\$60
	Petroleum Mixes	\$50	\$60
Gas Chromatography / MSD	GC Confirmation	\$250	\$260
	Identification of Unknowns	\$200/hour	\$200/hour
Liquid Chromatography	Routine	\$60	\$70
	Non-Routine	\$100	\$110
	Amines	\$80	\$90
	Isocyanates	\$70	\$80
	PAH (OSHA 58, 5 PAH's)	\$160	\$170
Ion Chromatography	Acids	\$40/first, \$25/additional	\$50/first, \$25/additional
	Amines	\$80/first, \$20 additional	\$90/first, \$20 additional
	Ammonia, Chromic Acid	\$60	\$70
	Ozone	\$80	\$90
Gravimetric	Total Dust/Welding Fume	\$15	
	Coal Tar Pitch Volatiles	\$60	
Ion Coupled Plasma-OES	Routine Metals	\$30/first, \$15/additional	\$40/first, 15/additional
	Non-Routine Metals	\$45	\$45
	12 Metal Scan	\$180	\$190
Spectrophotometric	Hydrogen Peroxide, Chromic Acid	\$40	\$50
Atomic Absorption	Arsenic, Selenium	\$50	\$60
Microscopy	Polarized Light (Asbestos)		\$30
- 3	Phase Contrast (Fibers)	\$20	
pH/ISE	pH		\$15
_	Cyanide	\$60	\$70
	Fluoride		\$70
X-Ray Diffractometer	Silica (Quartz), Cristobalite, Tridymite	\$60/first, \$10/additional	\$80/first, \$10/additional
Method Development		\$100/hour	\$100/hour

All fees are based on a target turnaround time of eight working days or less. For "**Expedited**" samples (within three working days) the fees are doubled. For "**Rush**" samples (within 24 hours) the fees are tripled. LESS reserves the right to modify fees without notice. For any questions about analysis availability or pricing, please contact Ron Ray, Laboratory Director at (517) 322-2132, or email inquiries to rtray@michigan.gov.
